SUSTAINABILITY

WE'RE PROUD THAT OUR VENUES HAVE BEEN AWARDED ECOSMART GOLD.

Our forests are at the heart of Center Parcs,
and we're committed to protecting the for generations to come.

OUR 2030 SUSTAINABILITY TARGETS

BY 2030, WE AIM TO:

Reduce Scope 1 and 2 carbon emissions intensity by **20%**
Reduce energy use intensity by **10%**
Reduce water use intensity by **5%**
Increase renewable energy and waste heat use to **32%**
Increase recycling and reuse of waste to **50%**

And we're going further, with commitments to improve nature across our UK villages, work more closely with suppliers on carbon emissions, expand circular economy initiatives and electrify 100% of mobile fossil fuel-powered equipment. So when you Meet in the Forest, you can bring your people together in a place that's working towards a more sustainable future.

DID YOU KNOW...
Whilst constructing the Woburn Forest village 25,000 trees were cut - but 250,000 were planted!
